Recyclers of Computer and Electronic Equipment

The TCEQ makes no claims regarding the recyclers on this list, and encourages users to confirm the prospective contractor's qualifications and ability to perform the required services. Inquire as to the types of computer equipment companies will accept, the services they offer, minimum quantities, and any fees for shipping and processing. Also find out what the company is doing with these materials, and any documentation they provide to substantiate their claims. A Checklist for Service Providers is also available from the Small Business and Environmental Assistance (SBEA) Division to assist communities with how to select a contractor.

To help us keep this list current, please call the SBEA Division, 512/239-3150 or e-mail or educate@tceq.state.tx.us.
