DISCLAIMER: The list of projects, applicants, requested amounts, project dates and status are subject to revision following data entry verification and possible amendments to agency administrative rules under consideration by the Texas Water Development Board. The lists do not indicate a priority ranking under the American Recovery and Reinvestment Act, the Clean Water State Revolving Fund, or the Drinking Water State Revolving Fund and are contingent upon qualification determinations, priority ranking, and availability of funds. The list is a combination of submittals to the FY 2009 and FY 2010 Intended Use Plans. Some duplicate projects have already been purged and refinement of the lists will continue as the eligibility of projects and the verification of whether there are duplicate submissions is determined.
