USDA, through its Rural Development mission area, administers and manages more than 40 housing, business and community infrastructure and facility programs through a national network of 6,100 employees located in the nation's capital and nearly 500 state and local offices. These programs are designed to improve the economic stability of rural communities, businesses, residents, farmers and ranchers and improve the quality of life in rural America. Rural Development has an existing portfolio of nearly \$142 billion in guaranteed loans and guaranteed loan guarantees.
