USDA Rural Development today is providing \$157.3 million for 34 water and wastewater infrastructure projects in local communities through the American Recovery and Reinvestment Act (ARRA) and \$45.6 million through other USDA Rural Development Water and Environmental Program funding. To date, USDA has announced \$2.9 billion in Recovery Act funds for 788 water and environmental projects. The Recovery Act was signed into law by President Obama one year ago.

The Water and Environmental Program provides loans and grants to ensure that the necessary investments are made in water and wastewater infrastructure to deliver safe drinking water and protect the environment in rural areas.
